Lubricator King Distributions is Level 4 BBBEE

Since the commencement of our operation the most sold Lubricant filled inside of our Fail-Proof Automatic grease Lubricators is a Mining / Industrial Multipurpose Grease (Ep2&3 compatible).

Please note Our Manufacturing Plant fills with any Grease / oil our Clients might require.

- Food Grade Greases
- Synthetic Greases
- High Temperature Greases
- Industrial Oil for Chain & Gear Lubrication by Lubricator King Automatic Oil Units.

Please Send us the Grease Brand, name and if possible Spec Sheet of the Special Grease Fill you would require in your Lubricator King® Fail Proof Lubricators to be able to quote you on unit cost and order quantities.

Please Note: Our Manufacturing Plant is a Special Dust free and Sealed Filling of your Lubricators to ensure zero contamination to your Bearings and Equipment.
